Johnson Auto PHEV, Hybrid & Electric Complete Lifetime Care

A common concern for PHEV, hybrid, & electric vehicle owners is the cost of replacing the vehicles high voltage batteries. Fortunately, there are things owners can do to minimize the need for replacement.

Following our maintenance recommendations will give you lower cost of ownership, great fuel economy, and longer term of viable ownership.

Our Maintenance Plan:

- ◆ Restores battery's life expectancy
- ◆ Confirms that Power Inverter & Control System are operating properly, saving the battery pack
- ◆ Helps prevent battery damage
- ◆ Improves drivability experience
- ◆ Prevents power electronics from overheating
- ◆ Helps maintain high fuel economy
- ◆ Lowers your cost of ownership
- ◆ Lengthens term of viable ownership
